

We value what's important. Your condo.

Protection for you and your property.

Condominium insurance offers protection for your condo, personal property, you and your guests. It also includes liability protection should you become unintentionally responsible for an injury to a guest or damage to their personal property while in your condo. This helps protect your assets from liability claims and legal defense costs.

Our adjusters are highly qualified and experienced within their specialty areas and can address all your questions and concerns. Our clear communication and honest approach leads to faster claims service for you.

Every Grange Insurance Association™ condominium policy provides:

- **Replacement cost** available on eligible personal property.
- **Additional living expenses** should your condominium become uninhabitable due to a covered loss.
- **Limited protection** for some building items your condominium association insurance doesn't cover.
- **Limited loss assessment coverage** for assessments charged against you by your condominium association due to a covered loss.
- **Lock replacement or rekeying** should your keys be lost or stolen, including garage door transmitters.
- **Liability protection** should you become responsible for bodily injury or property damage.
- **Legal defense** for covered liability claims against you.
- **Guest medical coverage** should a guest be injured on your property.

Additional special coverage options are available. Please consult with an authorized Grange Insurance Association agent for a complete list of options and terms.
